

Autonomous Data Science Co-Pilot

Question: Show correlation between numeric columns

Generated Pandas Code

```
df.corr()
```

Analysis Result

```
Sales ... Customer_Satisfaction Sales 1.000000 ... 0.813424 Quantity -0.806603 ... -0.752667
Customer_Satisfaction 0.813424 ... 1.000000 [3 rows x 3 columns]
```

AI Insights

- Returned 3 records.
- Columns: Sales, Quantity, Customer_Satisfaction
